Jules

Bassman Jules has previously played for Fat Bloke, Big Red, Jacks House & Soul Munky - "keep it simple & solid then everything else will fall into place"

Disco

DJ Steve is pleased to be able to offer a full disco option, or basic background music to support the entertainment before and after JaxStax sets. He provides all his own equipment and is happy to play whatever style of disco/background music you would like for your event (although 70's/80's disco/funk is our favourite!!). He is also available for hire separately at very reasonable rates.
